Holmes SEEDS
MARKET GROWERS AND FLORISTS

**HOLMES
EARLY SUNRISE**

Our newest introduction for first early market corn. Sunrise has excellent quality and ear size for a first early.

See Page—9

N K 199

Here is truly an outstanding corn. Ears 7½-8 inches, 18 to 20 rows. An improvement over Iochief, with better quality and easier snapping and better field yield.

See Page — 10

**HOLMES
EARLY GIANT
HYBRID**

This early, large fruited variety is in a class by its own. Fruits are large, smooth and red rich in color. Large vines provide ample foliage cover.

FIRST ORDERS: For those not having an account with us send cash remittance with order if merchandise is needed at once. If cash is not sent, supply references and expect a few days delay while references are checked.

C.O.D. SHIPMENTS: Because of extra C.O.D. fees and frequent delays in delivery, this is not recommended. 25% cash down payment to be sent with order and cash discount is not allowed on C.O.D. orders. No C.O.D.'s accepted for plants, roots, and Onion Sets.

FREE

With every \$3.25 order of seeds, we will give a Lancaster Almanac free, when requested.

DELIVERY OF SEEDS

Prepaid Items: We pay shipping charges on all vegetables (except Peas, Beans, and Corn, 5 pounds or more), and flower seeds in the U.S.A. (Not Canada).

Not Prepaid Items: Beans, Peas and Sweet Corn (5 pounds or more) are shipped at your expense unless your seed order (not including plants, supplies, etc) amounts to \$25.00 or over. We will then prepay by freight or parcel post whichever is less.

Roots, Plants, Onion Sets, Supplies, Farm and Grass Seeds are shipped at purchaser's expense except where quoted postpaid.

CONDITIONS OF SALE

All of our seed is thoroughly tested for vitality and germination, and every package is marked with the results of our tests. We guarantee arrival in good condition and warrant to the full amount of the purchase price that our seeds and plants are of good vitality and true to name as described on the container. So many other factors besides the seed influence the success or failure of crops that, in common with all seedsmen, we specifically limit our liability in all instances to the purchase price of the seed.

**SWEET SPANISH
ONION PLANTS**

Are grown in the North from plants
started in Texas. Our plants are fresh
because they are shipped by overnight
planes from our Texas grower.

The plants produce the mildest, sweet-
est, largest onions you have ever eaten.
Those allowed to mature often weigh
a pound and will keep for months if
stored dry and cool. Plants usually
available between early April and May
20.

Vary between 50 to 110 per bunch,
weigh above 32 lbs. per crate. Crate
Onion Plants not prepaid.

15 or 20 crates are needed per acre if
set 4 or 5 in. apart in 18 in. rows.

Please Note: Sold in bunches only. A
bunch is a handful as pulled in the
field and may contain 50 to 110 or more
plants, depending on the size.

2 bchs. \$1.20; 5 bchs. \$2.60;
10 bchs. \$4.25 Postpaid.

Not Prepaid: Single crate (60 bchs.)

WHAT A STRAWBERRY!

RED RICH EVERBEARING

You just pick and pick these luscious berries from June right through 'til frost. Folks who say an everbearer isn't sweet should taste Red Rich. They're chock-full of real honey-sweet goodness. They're deep red through the core. Solid and firm. Frost resistant. Tops for freezing, too! Delicious and attractive when served. A leading midwestern university reports Red Rich the best of 29 everbearing varieties tried. The plants are so tall and full that you can use them as a beautiful garden border or edge in front of evergreens—many places.
